

COWBOY SERIES HP / HT Piston

Mud King Products is proud to introduce a bonded piston designed for use in high pressure and high temperature applications. The Cowboy Series represents MKP's continuing effort to support the ongoing advancement of drilling requirements.

FEATURES

- ▶ Retention of hardness with constant temperatures of 250°F with intermittent temperatures up to 300°F.
- ▶ Excellent performance in both water-based mud and oil-based mud.
- ▶ Excellent dynamic properties, including low Tan and elastic modulus over a wide temperature range.
- ▶ Excellent abrasion resistance.
- ▶ Years of proven performance in some of the world's most demanding wells.

Part Numbers

Sizes

| Part Numbers | Sizes |
|--------------|--------|
| MK-XT-400 | 4" |
| MK-XT-440 | 4-1/2" |
| MK-XT-460 | 4-3/4" |
| MK-XT-500 | 5" |
| MK-XT-520 | 5-1/4" |
| MK-XT-540 | 5-1/2" |
| MK-XT-560 | 5-3/4" |
| MK-XT-600 | 6" |
| MK-XT-620 | 6-1/4" |
| MK-XT-640 | 6-1/2" |
| MK-XT-700 | 7" |

All materials tested after conditioning at room temperature for four weeks. Additional colorants or additives of any kind may alter some or all the properties. The data listed falls within the normal range of properties.
